Timothy Hitt

VOLUNTEER OF THE MONTH

We, as supervisors, have found that our volunteers are becoming more investigative and self sufficient. They are no longer waiting around for DCFS or another agency to get them the information they need to advocate on behalf of the children they are serving. Tim Hitt is no exception to this rule. He is investigating all avenues of permanency for his current CASA child. When he hits a brick wall or doesn't know where to go to obtain the information he needs, he quickly turns to his supervisor for guidance in where to go or what to do. He has formed good relationships with the foster parents and DCFS. He is consistently trying to find ways to get in touch with the biological parents to unlock the resources that may lie with them.

Timothy "Tim" Hitt was sworn in on August 25, 2014. Tim was actually part of the biggest class that CASA of Terrebonne has ever had. He is one of the few who are still active and on a case. Tim originally came in to be a partner on a case to an already established volunteer. He served in a partnership for 2 previous cases. His current case is his first time flying solo and he is doing a fabulous job. At times, we understand that CASA's work can be intimidating but when we get to see your wings open and you soar it is a great feeling!! Thank you Tim for always being on top of your game and being ready to do whatever needs to be done for your CASA children. Tim will be receiving a donated polo shirt from Shelly Toups at Artistic Embroidery. Congratulations Tim!
